FIREWORK SALES
ALL YEAR ROUND

SELECTION PACKS BETTER VALUE THAN EVER!

SANDLING FIREWORKS
21st Anniversary Edition

2006 to 2007
WHY SANDLING FIREWORKS?
This year we have improved or increased the content of all of our selection packs so we now offer better value than ever! By buying directly from Sandling Fireworks, an importer and manufacturer, we are sure you will find our prices are unbeatable — you could pay up to 50% more if buying at shop prices! Remember, fireworks are not just for November 5th, Sandling Fireworks are specially licensed to sell fireworks all year round. For more than twenty years we have helped people celebrate birthdays, weddings, anniversaries, etc.

WHAT YOU SEE IS WHAT YOU GET!
We clearly list the fireworks in our packs and provide photographs of our fireworks so you can see for yourself the value we offer! (Sandling Fireworks reserve the right to substitute any firework with items of the same or greater value.)

WANT TO SEE MORE?
We have one of the largest firework sites on the Internet at www.sandlingfireworks.co.uk. Here you will find extra packs and additional photographs together with many video clips of our fireworks.

WHAT TO CHOOSE
Using Sandling packs you can put together a display for any occasion. Most of our garden and display packs are designed to last 20-25 minutes depending on the speed of firing. Any pack can be enhanced by buying additional items from our supplementary range, or you can make up your own display by using just these special packs. When comparing prices, do not confuse quantity with quality. Larger packs contain larger fireworks. If you require more fireworks for your money simply order two smaller packs or increase the quantity by adding further special packs.

WHEN CAN FIREWORKS BE USED?
Fireworks can be used at any time of year. For garden parties it is a courtesy to notify neighbours of your event. Please be considerate by avoiding disturbance to hospitals, old peoples homes, animal shelters, etc. Please avoid using fireworks late at night; it is now an offense to use fireworks after 11pm with the exception of certain dates such as New Years Eve. For larger displays the police should be notified — they merely need to know. For public events the fire brigade should also be notified. Nearby airports or coast guards should also be warned where appropriate. An advice book “Giving Your Own Firework Display - How to run and fire it safely” is available Mail Order from HSE Books, PO Box 1999, Sudbury, Suffolk CO10 6FS. The cost is £5.75 (including p+p) and is a worthwhile investment.

ORDER EARLY!
We do our best to ensure we have sufficient stock to meet demand, but to be sure to get the fireworks you want please order early!

TERMS AND PAYMENT
Most items are available ex-stock but we reserve the right to make substitutions should any firework not pass our quality tests. All prices include VAT. There is a carriage contribution of £15 on ANY sized order regardless of size and number of packs ordered. This means carriage is charged once only, not on every pack you buy. You may pay by cheque, credit or debit card. You may order by post, fax, telephone or online at www.sandlingfireworks.co.uk. Having placed your order you will then be sent an acknowledgement and order reference number by post. The fireworks will be delivered by carrier. When you receive your fireworks please check you have the correct number of cartons BEFORE signing. Please notify us immediately of any shortfalls or damage, quoting your order number. Please familiarize yourself with the fireworks before the display date and do not hesitate to telephone our office for advice.

STATUTORY NOTICE
IT IS ILLEGAL TO SELL ADULT FIREWORKS TO ANYONE UNDER THE AGE OF EIGHTEEN AND IT IS ILLEGAL FOR ANYONE UNDER THE AGE OF EIGHTEEN TO POSSESS ADULT FIREWORKS IN A PUBLIC PLACE.

OPERATOR FIRED DISPLAYS
Of course you may wish to have an operator-fired display and leave it all to us. Sandling Fireworks are members of the the British Pyrotechnists’ Association and The Firework Makers Guild, the CBI Explosives Industry Group and the British Fireworks Association. We have full public and product liability insurance. Our display teams use large display fireworks such as aerial shells that are not available to the general public. Each display is specially designed to suit the occasion. Prices start from a few hundred pounds, depending on the nature of the event and the time of year, to several thousand pounds. Prices include transport, labour and insurance with no extras to pay. Please telephone our office for further details. We will need to know where and when you intend to have the display and also the nature of the occasion. We can then discuss with you the budget and duration of the show. We will send you our special Operator Fired Brochure with examples of displays to suit your event. Having chosen the display we will then arrange a site visit to ensure the venue is suitable. Finally a contract is issued and that's all there is to it! Sit back and leave the work to us. All you have to do is enjoy the display!

DISPLAY CAKES

These display cakes are the largest you can buy. They burn for around 40 seconds and produce a spectacular barrage of effects. May be used as part of a display on their own where a short spectacular show is required. Other cakes are available from our web site.

TROPICANA DISPLAY CAKE £55
Produces a barrage of 80 x 29mm sequenced starbursts.

GREAT WESTERN DISPLAY CAKE £55
Produces a barrage of 80 x 29mm mines with coloured bombettes bursting above.

COMET WORLD DISPLAY CAKE £45
Produces a barrage of 80 x 29mm gold silver and crackling comets (fairly quiet).

TROPICAL STORM £55
100 x 25mm crackling comets and titanium salutes produce rolling thunder!

SKY BATTLE £40
144 x 20mm whistles, hummers, screechers colour bombettes and salutes all in one cake!

CROSSETTE FINALE £60
80 coloured comets that split into fours (fairly quiet).

KRUGER PARK £45

QUIET PACKS

These two packs contain no loud bangs or gratuitously noisy fireworks. However, they are NOT silent; if they were they would be very dull indeed. Instead they are a compromise - we have removed the loudest fireworks while still retaining entertainment value. You can expect crackles and whistles with the occasional not too loud bang where it is necessary to disperse stars, such as rocket bursts.

**MOONBEAM**

A big selection of quiet fireworks! Includes a lovely waterfall setpiece. Improved selection for 2006!
